

Win

Wash WM1

PREMIUM WATER MISCIBLE WASH

PRODUCT DESCRIPTION

Win Wash WM1 is a medium drying, general purpose, water miscible blanket and roller wash with excellent ink solvency. When water is added Win Wash WM1 forms stable water in oil emulsion which is ideal for routine cleaning of blankets and rollers, removing ink and paper dust in one operation. Mixing with water increases the bulk of the solvent but does not reduce cleaning effectiveness.

DIRECTIONS FOR USE

Apply with a cloth, sponge or lint free wipe. Allow a few moments for the solvents to penetrate the ink film then wipe off with a damp cloth. Finally wash over surface with clean water. When mixing with water always add water to solvent. A ratio of 50:50 water and Win Wash WM1 is recommended.

MAJOR POINTS

- Powerful cleaning action
- Plate safe
- Water miscible

PACKAGING

5L, 20L, 200L cans/drums
